BEEF STEW

with
Tomato Cheese Dumplings

by Dorothy Greig

EVER try adding tomato soup to a stew? And then topping it proudly with fluffy cheese dumplings made with tomato juice? Now there's a gusty, full flavored stew

for you, offering satisfaction and contentment to all lovers of good stews:

1 lb. beef, cut in 1½-1¾ inch squares
4 tablespoons flour
2 teaspoons salt
2 teaspoons pepper
2 tablespoons shortening or fat
1 can condensed tomato soup
10 small onions
1½ cups carrots
1 cup potatoes, diced

Combine 2 tablespoons flour, ½ teaspoon salt, and a pinch of pepper. Roll the meat in this mixture. Melt the fat in a frying pan and brown the meat well. Put the meat in a kettle and rinse out the frying pan with boiling water and add this water to the meat which should be well covered with water for stewing. Boil for 5 minutes. Reduce the heat and simmer for about 1½ hours. Then add the tomato soup, heated, and continue simmering for another ½ hour. Next add the peeled onions (about size of a walnut) and carrots (cut in pieces 1 inch long by ½ inch in thickness) and continue cooking. Add the potatoes (cut into about ½ inch cubes) the last half hour of cooking. Thicken with the remaining 2 tablespoons of flour, which has been mixed with water, and add the remaining salt and pepper. Serves 8 or 10.

Tomato Cheese Dumplings:

1 cup prepared biscuit flour
½ cup grated cheese
1 tablespoon parsley, chopped
¼ cup tomato juice
½ teaspoon baking soda
Combine the prepared biscuit flour, grated cheese, soda and chopped parsley; then mix. Add the tomato juice to make a moderately stiff dough. Drop the dumpling mixture by teaspoonsful on top of the stew. Cover and let cook and steam for 10 to 12 minutes. The dumplings should rest on the meat and vegetables while steaming, so it may be necessary to take out some of the liquid before adding the dumplings to the stew.

Hunches for Carry-Lunches

The lunchbox has assumed an important place in our daily menu these days. And sometimes it taxes the imagination to a straining point to keep those carry lunches from becoming monotonous. There are ways, though, of making them as appetizing as the other meals. And we're passing along a few hints that may help to add interest to meals that go to work.

THE BREAD'S IMPORTANT

Sandwiches are the mainstay of the lunchbox... and that means bread. Be sure the bread is fresh. Keep the crusts on because they add chewiness, and besides, crusts help to keep the sandwiches from drying out.

Vary the bread, too. There are a number of different breads to change ordinary sandwiches from day to day. One trick in a bread way is to spread the sandwich between two kinds of bread like white and whole wheat. Since nutrition is important, it's important to see to it that the white bread is enriched so that none of that important vitamin B is sacrificed.

MAKE THOSE FILLINGS HEARTY

Dainty sandwiches haven't any place in the workman's lunchbox. Make them with fillings that stick to the ribs. Spread the bread first with butter, butter substitute, mayonnaise, salad dressing, or prepared sandwich spread. This steps up the flavor and keeps that freshly-made flavor.

The fillings should be generous... a third to a half the thickness of the bread. This is not the place to be saving.

MEAT FILLINGS—Cold cuts, cold roasts, meat loaves, canned meats, chicken, and fish are all welcome when lunchtime comes around. If you want to stretch them, then grind the meat and add olives, pickles, hard-cooked eggs or chopped cheese.

EGG FILLINGS—Chopped hard-cooked eggs with mayonnaise or mixed with relish, cheese, bits of leftover cooked bacon, ham, olives, relish or chopped nuts have that substantial quality that workers need.

CHEESE—Sliced cheese or chopped cheese mixed with dressings, meats, and relishes can add variety and deliciousness to that lunchbox.

PEANUT BUTTER—There are hosts of ways this favorite can be changed to avoid monotony. Send it along plain one day, mix it with honey, jam, jelly, sliced fruits and tomatoes for those other days.

About Peanuts and Peanut Butter

Did you know that peanuts and peanut butter contribute the same appetite-sustaining qualities to the diet as does meat? Besides that, they're criss-packed with that terrifically important vitamin B you've heard so much about. They're a subtle food, too, for they can be slipped into the menu most anywhere to add much to the flavor.

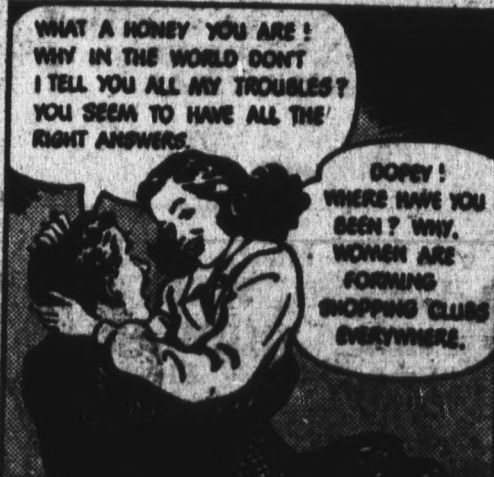

SALADS GO FOR PEANUTS—Take a meaty salad, meat, vegetable or fruit, toss in a generous handful of chopped peanuts, salted or plain, and it's just that much better than it was before.

PEANUT-COTTAGE CHEESE SALAD—Blend in about half as much peanut butter as cottage cheese, then add your other favorite ingredients such as chives, onions, grated vegetables. It has the flavor that will please.

PEANUT BUTTER GOES SAUCY—A couple of teaspoons of peanut butter in white sauce do wonders for the flavor and color. It mingles easily with a bit of blending.

Prices in this ad are effective Tuesday, Wednesday, Thursday, Friday and Saturday January 26, 27, 28, 29 and 30, in San Francisco, Oakland, Berkeley, Alameda, Richmond, Hayward and other cities and towns in San Mateo, Alameda, and Contra Costa counties.

Ten per cent of your income in War Bonds will help to build the planes and tanks that will insure defeat of Hitler and his Axis partners.

Adolph, Benito and Hirohito—the three blind mice. Make them run with ten percent of your income in War Bonds every pay day.

We say "Women in Business" is not necessarily a wartime development. Women have always been in the highly important business of caring for their families' food needs.

This business calls for efficiency in home management and in making the food budget dollar stretch to its limit while providing energy and health for all members of the family group.

Us? We're business partners of today's busier-than-ever housewife, giving her aid through neighborly service, convenient location and competitive prices.

LOST!

24,000,000 MAN-DAYS OF WORK

During an average four-week period, America's workers lost 24 million man-days of work through illness. In war industries alone, 3,200,000 man-days of work were lost. THIS REPRESENTS THE TIME REQUIRED TO BUILD TWO HEAVY CRUISERS OR 448 MEDIUM BOMBERS, OR 3,200 LIGHT TANKS.

This loss of time through illness was traced primarily to ill health and fatigue resulting from improper diets.
